

2022 Automower® Accessories and Genuine Parts

Why choose Husqvarna accessories and genuine parts?

ADD MORE TO YOUR AUTOMOWER® EXPERIENCE

What's the reason for choosing genuine Husqvarna Automower® parts and accessories? Quite simply, it's the only way you can be sure you get a perfect fit for your robotic mower – and maintain the high performance it was built for.

The spare parts are designed and manufactured to never cause any unnecessary wear or damage on other parts of the mower, or put anyone's safety at risk. You will get a safe and trouble-free operation, year after year.

The many different accessories are there to enhance your Automower® experience – and add more functionality that will upgrade your everyday.

CAPACITY / ENDURANCE:

An important feature is the capacity of genuine Automower® Batteries. The graph below shows clearly the capacity of our battery vs a pirate battery. This means that by using a pirate battery you will not only put safety at risk, you will also experience significant lack of capacity much faster.

OTHER SERVICES

Winter service

In order to keep Husqvarna Automower® in good condition, regular service is key. Follow a set service plan and only use Husqvarna genuine parts to ensure up-time and quality.

Winter storage

Take care of your customers' Automower® during the winter. Most dealers offer winter storage where the yearly service is included, so customers don't have to worry about where and how to store it.

Installation

Offer your experience and training to install Automower® robotic mowers efficiently and reliably.
